About Us

GFB, is headquartered in Bahrain, has recently solidified a strategic partnership with the global technology giant, Microsoft, cementing their status as a premier Gold-certified partner. With a strong commitment to enhancing operational efficiency and driving digital transformation, GFB offers a range of solutions that empower organizations to thrive in an increasingly competitive landscape. As the demand for advanced IT solutions continues to rise, GFB remains dedicated to providing cutting-edge services that not only address current market needs but also anticipate future trends.

What we do

As a Gold partner, GFB has access to the latest Microsoft technologies and resources, allowing them to offer their clients a comprehensive suite of services. This includes the implementation and integration of Microsoft's flagship products, such as the powerful Azure cloud platform, the ubiquitous Office 365 productivity suite, and the versatile Dynamics 365 business applications. GFB's team of certified professionals leverages their in-depth knowledge of Microsoft's tools and platforms to craft customized solutions that address the unique challenges and requirements of their diverse client base.
